

OUR MEMBERS ARE SAYING:

"My kids (aged 3 and 5) started off with Diamond Tennis Academy over a year ago and are now attending the Tots and Under 8 tennis sessions. The training they have received from mature, experienced coaches has been exceptional. The coach has the rare skill of engaging toddlers for an hour, so they have fun, exercise and learn to hit the balls. My kids love tennis practice. It's really good value for money compared to some of the other classes we do and we are delighted with the new indoor courts. The class sizes have been small which has been great in developing my kids' confidence and they now love to join in every second of the hour. Thank you very much for all the time and effort you put into the toddlers and Under 8s. My kids and I think Diamond Tennis is fantastic and we are planning to be members for many years to come" - (Adele, member since 2009)

"I started as a complete beginner in the Adult Learner Sessions at Diamond Tennis Academy in 2008 and I think it is one of the most enjoyable things I have ever done. The coaches are fantastic; really knowledgeable, patient, helpful and very encouraging. I find the way the sessions are divided up through each term particularly helpful as we focus on different areas each week and build both confidence and skills as we go. The group is friendly and supportive, and we live in the hope that Sam, our social secretary, will organise a night out by the end of the decade! My tennis has improved beyond all recognition and although I have a long way to go, I'm keeping going and getting better week after week. I do think that the Diamond Tennis Academy have helped me learn how to play and enjoy a sport I have always loved watching, and that's a brilliant thing" - (Sarah, member since 2008)

"My son has been a member of Diamond Tennis Academy for a couple of years and has benefited from the expert coaching and personal mentoring that has seen his LTA rating improve significantly. Coaches are knowledgeable, friendly and approachable, providing a supportive environment for personal development. He really enjoys the way the academy sessions are run, providing a good balance of fun, skills development and competitive tennis" - (Ian, member since 2008)
